

ACCESSORIES FOR MICRO/TELE DUCTS

Technical specification

Trace Ball

Art.Nr.	MOQ
37-D/OM0019A	1

Features :

- The Electronic Marker System quickly pinpoints the location of buried facilities including buried splices, fiber optic facilities, service drops and manholes.
- It eliminates the time consuming search for hard-to-locate facilities.
- Markers operate even in the presence of metal conduit or pipe, metallic conductors, fences.
